Raft-n-Rail® Coach Class

Join Echo Canyon River Expeditions and the Historic Royal Gorge Route Railroad for two vacation classics wrapped into one easy day. This exclusive package is a family-friendly combination sure to be the highlight of your Colorado vacation!

Your party will check in at the Echo Canyon office at 9:15 a.m. for a 10:00 a.m. departure. We recommend packing a duffel bag or back pack with a change of dry clothes which we will have waiting for you following the rafting portion of the trip. Please keep in mind that our drivers cannot be responsible for wallets, jewelry, etc while you are on the river. We suggest that you take a small amount of pocket money or a credit card with you if you plan to order concessions while on the train, for purchases at the gift shop at the Santa Fe Depot, or if you wish to offer your guide a gratuity following your raft trip. You may use your car as a locker for all valuables and the Echo office will keep your keys behind their counter while you are on the trip.

Echo will transport you upstream fourteen miles to a location known as Salt Lick where the river trip portion of your day begins. Bighorn Sheep Canyon offers nine miles of exciting and splashy whitewater through a number of class II and III rapids. While navigating the rapids you may see Bighorn Sheep, Golden Eagles and other wildlife along the rugged canyon slopes. The raft trip will end at Echo's private river landing where your change of clothes will be waiting for you. You will have time to change into dry clothes before the train arrives adjacent to the Echo property.

An Echo staff member and a representative of the Historic Royal Gorge Route will escort you to the train upon its arrival. This route has been in existence since the 1880's and was billed as the "Scenic Line of the World" by the Denver and Rio Grande Western Railroad. The train conductor will lead you the Coach Class cars with access an open-air car offering incredible views of the Royal Gorge. At the end of the 12 mile journey Echo Canyon vehicles will be waiting for you at the south side of the Santa Fe Depot. You will be transported back to the Echo Canyon office and your vehicle by 3:00 p.m.
